13 September 17, 2001

14 Dear Sir:

15 703600 MAIL ROOM

16 AMENDMENT AS A CONTINUATION IN PART

17 In response to the Office action of April 18, 2001, we submit CIP-2. Copies of new

18 References 5 & 6 are enclosed.

19 IN THE SPECIFICATION:

20 We submit an amended Specification and a marked-up version of the old Specification,
21 including claims, noting deletions, changes and additions. This amendment is made in response
22 to the Examiner's comments in the Office Action letter pertaining to inadequacies in the old
23 Specification. The changes and the reasons for each change are noted below. The page numbers
24 noted below refer to the "marked-up" version of our pending application and to the 'first' page
25 of a noted change.

29
30 Page 1: • Reference 3 is deleted. No longer referred to in the Specification.
31 • Reference 5 is changed to call for an updated version of TN-7.1.
32 • Reference 6 is added. A report of recent tests at SRI replicating four successful
33 experiments which verify the production of helium and tritium in the D-Pd system.
